

HOT AIR BURNER - BAC

Powerful and instantly cost-effective

40 to 1500kW

Gas burner

Versatile

Energy-efficient

Direct flame

Fast response

Easy integration

Drying

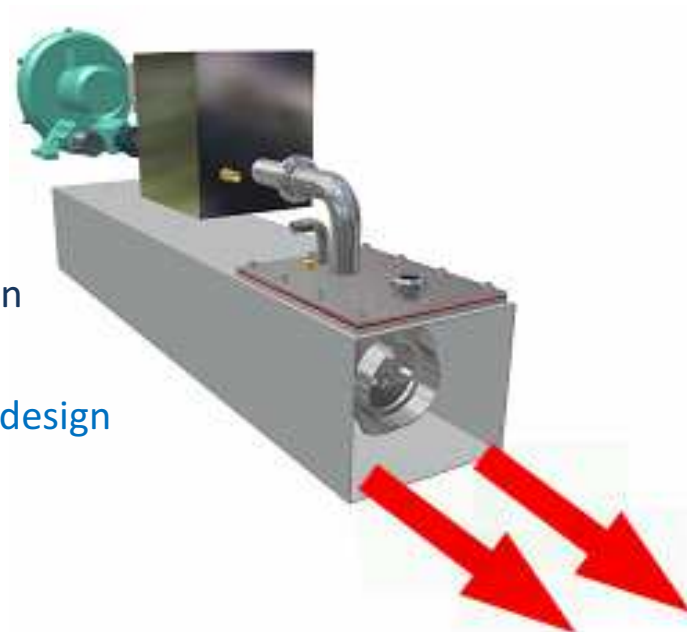

Cooking

Full stainless steel design

Hot air production

Energy self-sufficient

Compact

Winning features:

- ✓ **Energy savings** up to 30%
Reduced CO₂ emissions
- ✓ Efficiency **up to 100%/NCV***
- ✓ Compatible with **current equipment**
- ✓ Low installation costs
- ✓ Low operating costs / Low maintenance
- ✓ **Standalone**, programmable clock start (optional)

- ✓ **Biogas-compatible**
- ✓ **Meets NOx** environmental standards

- | |
|---|
| ✓ Food industry and surface treatment:
Easy to set up and operate |
|---|

* : Depends on the features of your installation and operating methods

Applications

Food industry

Direct cooking (deep-frying chicken, etc.)
Tunnel oven
Time at temperature
Eggshell drying
Smoking

Surface treatment

Drying metal parts
Paint spray enclosures and tunnels

Breweries

Kiln firing

Textiles

Fabric drying
